Centraal idee

Tipi's in de natuur

Kort overzicht met verschillende opties. Mijn site zal enkel tipis verhuren. De drie opties zullen verschillen op vlak van omgeving (bv. warm klimaat; koud klimaat zoals Noorwegen of gematigd)

TIPIS

Our beautiful Sioux canvas tipis are hand-painted with native-style designs. Each tipi sits on its own site, surrounded by forest and connected by a winding road to other sites. Guests bring their own bedding and camping supplies or rent from us. Tipis are available mid June to early September

TRAPPER'S TENTS

CAMPSITES

We offer unserviced RV and tent campsites that are well treed and connected to other sites by a winding road. Two tents or two RVs or one of each are allowed on each site with a surcharge applicable for the 2nd item; however, a few sites can accommodate 2 large RVs.
